miquel.mora.**curriculum.vitæ**

.summary

I am a creative designer, specialising in graphic and interaction design. I am highly experienced both in print and screen-based projects. I believe that good design is key to make people's lives easier. As a designer I endeavour to work in a challenging and inspirational environment.

I'm hard working, organized and pay attention to detail. I enjoy working in a team, where I can share my creativity and skills.

The last two years I have been studying an MA in Design Interactions at the RCA, in London, looking at how technology impacts on people. Mastering methods and processes that help me to develop and materialize my ideas.

I am now seeking a challenging position to apply my skills and abilities in Internet and News Media. A position that offers professional growth while being innovative and flexible.

.personal.interests

Music has always been part in my life. I have been studying harmony, flute and saxophone for many years. I used to play in a chamber orchestra and jazz band. Cooking is my other big passion. I like to prepare nice meals for the people I love. Travelling and discover new interesting places. Being in nature.
